

Cruising News

By Jim and Bev Borberg

Waterside Cruise If you haven't made your reservations, do so now and tell them you are with BBSA. I made tentative reservations but they will only hold them until April 17. All Marinas are reluctant to hold tentative reservations, so don't delay or you may be left out. We plan to eat at the Outback Steakhouse and they would like to have a count on how many there will be. When you make your reservations let me know how many will be eating at the Restaurant. gnsailn@yahoo.com 460-1051

Memorial Day Cruise This is another reservation you need to make now because it is a popular place and a popular date. The dock master said he would block out 12 spaces until the end of the month but if he starts filling up, he could only give us the first right of refusal on firm reservations. This is not much of a commitment, but it is the best I could get. He also needs a credit card to guarantee a reservation. When you make your reservation tell them you are with BBSA.

2006 Cruising Schedule The complete schedule follows. If you have any questions on the cruises contact the leader or me at gnsailn@yahoo.com. We have a great schedule and at the cruise planning meeting there seemed to be lots of interest. As always, if you have any comments on improvements let us know.

2006 BBSA Cruising Schedule
