

## Leo Wardrup Memorial Cape Charles Cup 2024 Yearbook/Shirt Artwork Competition – Description, Terms, and Guardian Signature Page

For the 2024 Leo Wardrup Memorial Cape Charles Cup, we have decided to offer everyone a chance to design the graphic that is printed on our event shirts and on the yearbook cover. We are running a competition for the most innovative, attractive, and appropriate artwork. You can use photography or other methods to create original designs that you are willing to donate to the Leo Wardrup Memorial Cape Charles Cup organizing committee.

We plan to incorporate the winning design, wholly or partially, in the final design that will appear on shirts (t-shirts, tech shirts, etc.), the yearbook cover, and other documents. Runners-up will be featured in composite pages in the yearbook and website with full attribution.

### Sponsor

The Artwork Competition is sponsored by the Broad Bay Sailing Association (BBSA) through the Leo Wardrup Memorial Cape Charles Cup committee.

### Prizes

The winner's artwork will be printed on shirts, skippers' bags, and yearbook front cover. Full attribution and bio will be included inside the yearbook and on the BBSA website. Two tickets to the Skippers' Meeting (8/9/2024) or the Saturday Social (8/10/2024).

### General Guidelines for the Competition

We are looking for an image that is simple, imaginative, artistic and represents the sailing skill, excitement, competition, camaraderie, and fun that the Leo Wardrup Memorial Cape Charles Cup has produced over the last 21 years.

Preference will be given to submissions that include some combination of:

- Sailboats, including either or both racing and cruising boats.
- The Chesapeake Bay environment, structures, ships, or wildlife
- Cape Charles characteristics such as the Cape Charles Light Tower
- Action, teamwork, and sportsmanship
- Originality, imagination, and artistic designs; either realistic or abstract
- High quality images.
- Appropriateness:
  - to fit on a shirt and yearbook cover
  - with limited number of colors to reduce thickness of screenprint and cost to produce
  - for the intended audience.

***Entries will be judged by the LWMCCC Committee based on the criteria above. Committee members who submit entries will not have a vote.***
